

RE-ENERGIZE AT NEMEX

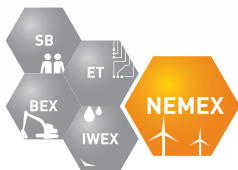

30 years as the leading energy, procurement and renewables exhibition, help write a new chapter at **NEMEX**

HIGHLIGHTS OF 2011

- 5,081 visitors interested in energy products and services
- Over 100 leading energy industry speakers
- 37% increase in NEMEX visitors over the last 2 years
- The Environment and Energy Awards celebrated a 40% increase in attendees
- ESTA Energy Management Hub offered expertise in energy management, efficiency and services
- Carbon Reduction Strategy seminar session attracted 116 attendees
- 85% of visitors are planning on visiting Sustainabilitylive! 2012

"As this was our first exhibition and we were on unfamiliar territory, the level of support that we received from the NEMEX team was really helpful and the exhibition proved to be a really great success. The show delivered exactly the customer base and decision makers that we wanted to engage with. We walked away with over 230 very hot prospects and have signed up for next year."

Paul Greenwood, Managing Director, LEDi Solutions Ltd

NEMEX

22-24 May 2012 NEC Birmingham, UK
part of Sustainabilitylive!

Sustainable Solutions
Waste to Energy

OUR HAPPY PEOPLE

"NEMEX is one of the most important events in the energy sector's calendar and, as always, was a fantastic platform for us to showcase the growing t-mac range. With a broad range of representatives from multinationals, SMEs and the public sector we enjoyed catching up with our clients as well as introducing potential new customers to the world of t-mac."

Lisa Wilkinson, Director, t-mac Technologies Ltd.

"This is the only show I am aware of, which covers such a wide range of energy and related areas - it keeps me in touch with the latest developments. LED lighting was the new element at this years show."

George Mackison, Operations Director, Welcome to Our Future.

"As a new business, NEMEX has helped put us on the map."

James Brittain, Director, The Discovery Mill
